

DPIS Engineering, LLC

PROCEDURES FOR REQUESTING ENGINEERING

To order engineering for new plans or revisions to existing plans, email complete .DWG files (including elevations, floor plan, & roof plan) to plans@dpis.com. If you have any questions or need to check on the status of plans, contact Giovana Solan at Giovana@dpis.com or call 281-351-0048 ext. 119.

Turn around times:

1. Foundation – 2 weeks
2. Frame – 6 to 8 weeks

(Please note this turn time is dependant on receiving complete architectural drawings.)

PROCEDURES FOR REQUESTING ADDRESS SPECIFIC PLANS

Submit complete soils report that includes all PTI Design Parameters along with a list of plans that will be offered in that subdivision / section to Jessica Ciulla at Jessica@dpis.com or call 281-351-0048 ext. 136. Soils analysis turn around time for determining proper foundation beam depth is approximately 1 week.

To request address specific foundation & frame engineering plans, email address start information to starts@dpis.com. This request must include the following:

1. Legal subdivision name
2. Address
3. Legal description (lot, block, section)
4. Plan number, elevation and all options requested (if applicable)

Turn around time is 48 hours from receipt of start request.
